Title: APPARATUS AND METHOD FOR PRODUCING GRAIN
BASED BAKED FOOD PRODUCTS

AMENDMENT

Box Non-Fee Amendment
Assistant Commissioner for Patents
Washington, D.C. 20231

RECEIVED
MAY 17 2001
TC 1700 MAIL ROOM

Dear Sir:

In response to the Office Action dated February 14, 2001, please amend the
above application in the following manner:

IN THE CLAIMS:

Please amend claim 1 as follows:

1. (Three Times Amended) An automated process for producing a range
of grain based baked food products from a supply of raw materials comprising:
providing one machine having a housing containing a plurality of storage
devices having raw ingredients, a dough making apparatus and a baking station, said
machine also having an electric process control unit, and an electronic customer
interface, said customer interface having [means for receiving] an order from a
customer, said order including a quantity and a type of food product, said machine
also having customer delivery stations;
connecting said customer interface electronically with said control unit;
